### DIXON BOY GAVE LIFE FOR FLAG

Theo. L. Trouth Died In French Hospital June 25

### FRANKLIN BOYS HURT

Warren Zoeller and Mark Trostle Suffered Injuries With U. S. Army

Theodore Trouth, Co. A, 132nd U. S. Infantry, passed away at a Sisters' hospital in France on June 25, news of his death from blood poisoning reaching his parents, Mr. and Mrs. Jacob Trouth, 116 Noble Ave., this morning. The message of the passing of the young soldier, who was in the third contingent of Lee county boys to Camp Grant last summer, was received in the following letter from the sister in charge of the hospital:

June 26, 1918.  
Mr. and Mrs. Jacob Trouth:  
I am very sorry to tell you that your son died last night from septicemia. He had some pain for a day or two, but was fairly comfortable most of the time. He had to have an operation on his knee a few days ago as there was a large quantity of puss there. He was more comfortable after that.  
Please accept my deepest sympathy.

Yours truly,  
V. GASCOIGN,  
Sister in Charge

At noon today no word of the passing of Lee county's fourth man to give his life for his country had been received from the war department, but it is expected the casualty list will contain his name in a few days and official notice will be received by the heartbroken parents.

**Born In Dixon**  
Theodore Trouth was born in Dixon July 14, 1888, and until called to his nation's colors was a resident of this city. He is mourned by his parents and four sisters and a brother: Mrs. John Freed, Dixon; Mrs. Oscar Ebersole, Sterling; Mrs. John Hipple, Mrs. John Palmer and Geo. Trouth of Dixon.

### Franklin Boys Hurt.

Mrs. C. W. Trostle of Franklin Grove has received a cablegram from her son Mark, who is serving with the American Expeditionary Force in France, saying that he has been slightly injured, but that he is now well again. He gave no particulars, and his mother does not know whether he was wounded or not. She has cabled him for more particulars.

Some time ago another Franklin Grove boy, Warren Zoeller, who is with an engineering unit in France, together with other Lee county men, wrote home that he had been in an accident and had had both his legs broken, but that he has recovered.

Both of the Franklin Grove boys went to Camp Grant for training many months ago.

### THOMPSON WILL NOT COME HERE

Mayor William Hale Thompson will not visit Dixon Thursday night. He has written Mayor Schmidt that owing to another engagement, which he knew nothing about before arranging the Dixon date, he must cancel his Dixon date. However, Mayor Thompson will appear later in Dixon.

**WAS ON SAN DIEGO**  
Private Irving Wanzer, nephew of Mrs. Wm. Straw, has wired to his parents of Wheaton, Ill., of his safety. He had been aboard the San Diego for eight months.

### MISS MAUDE WILLIS

Noted reader who will appear at Rock River Assembly Tuesday evening, July 30.

### ANTON FREESE, CIVIL WAR VETERAN, DIED HERE LAST EVENING

Resident of County For Many Years, Passed Away at Son's Home

### FUNERAL WEDNESDAY

Anton Freese, a highly respected citizen and a Civil War veteran, died at 7:30 o'clock last evening at the home of his son, Wm. Freese, 713 First street, of the infirmities of old age. He was ailing six months and was bedfast about three weeks. Deceased was born at Oldenberg, Germany, April 5, 1831. He came to America when 25 years of age, settling in Palmyra township. He served in the Civil War three years and nine months, in Co. D, 2nd Colorado Cavalry. At the close of the war he married Mrs. Amelia Harms Juffs, and moved to Amboy township, where he resided until about two and one-half years ago, when he moved to Dixon and made his home with his son.

His wife died 16 years ago. Two daughters died, one in infancy and Helen died about and one-half years ago. He also leaves two sons, W. M. and Anton Jr., both of this city; one daughter, Mrs. Anna Bothe of Nachusa township; a step-daughter, Mrs. Julia Manges of Highland avenue, Dixon, and seven grandchildren.

Funeral services will be held on Wednesday afternoon at 2:30 o'clock at the home of his son on First St., Dr. F. D. Altman officiating. The remains will be buried in the DeWolf cemetery on the Chicago road.

The G. A. R. post of this city will have charge of the funeral services.

### LOCAL MEN IN SHOCKING PARTY

The following professional and business men were taken to the farm rented by Charles Self and farmed by Roy Self, above Grand Detour, on Monday and shocked oats: Dr. H. A. Lazier, Wm. Lievan, Dr. C. E. Smith, H. L. Cooper, Alonzo Patch, Elmer Rice and Charles Self. The men worked an hour and a half, shocking all the oats cut. This evening another bunch will go to the same farm and complete the shocking.

Many amusing incidents occurred during the shocking. Dr. Smith found an untied bundle and after being coached in the art of binding, he finally got the bundle tied so that it would stand erect. The coaching was done by Wm. Lievan, who noticing the doctor's predicament, ran nearly across the large field to "put the doctor wise." After the completion of the job all the laborers enjoyed a good swim in Rock river. When they reached Dixon they enjoyed a big "feed" at the Manhattan.

**Camping in Park.**  
The Henry Raffenberg family are camping in their accustomed location on the Assembly grounds, 268 Second St.

### THRESHERMEN BAND TOGETHER TO SAVE GRAIN THIS SEASON

Amboy Meeting Formulated Set of Rules To Save Much Grain

### MEETING AT AMBOY

Expect To Save Three And A Half Per Cent Through Most Careful Work

A meeting of the threshermen of Lee county was held recently at the city hall in Amboy. A roll call showed more than 100 threshermen present and the list was revised and made as nearly complete as possible.

The information and instructions of the Food Administration were outlined briefly. It is thought a saving of 3 1/2 bushels in every 100 bushels of grain can be saved by following carefully the instructions and suggestions of the Food Administration.

Briefly the instructions for saving grain may be summarized as follows:

1. Careful repair of engine and machine before starting.
2. Correct placing and leveling of machine.
3. Proper speed of cylinder and machine.
4. Proper wind adjustment.
5. Proper riddle adjustment.
6. Careful feeding of machine — posters reading "Pitch evenly—the heads first," to be used on feeders.
7. Threshing grain in good condition only.
8. Use of canvas under feeder and other places where grain collects.

Other precautions which should be followed:

1. Use of tight floor racks.
2. Use of canvasses to cover racks if necessary.
3. Sweeping racks after unloading.
4. Careful pitching and loading.
5. Raking of shock rows and fields if necessary.
6. Careful handling of grain after threshing.
7. Use of canvas or tarpaulins to cover loads in case of storm and over night to allow early start.
8. Threshing until 7:00 p. m. new time.
9. Use of basket racks—and no pitchers, to save labor.
10. Careful cleaning up around machine.

### GREAT BATTLE WILL BE STAGED THIS EVE

NEWSPAPER MEN AND ATTORNEYS TO MEET AT ASSEMBLY AT 6:30 TONIGHT.

At 6:30 o'clock this evening the friendship of years which has existed between the attorneys of the city and the newspaper men will be abrogated for a couple of hours, during which time the respective tribes will battle with might and main for supremacy on the Assembly diamond. The newspaper men, confident after a victory over the city bunch, hope to win and thereby put themselves in line for the court house gang—but the lawyers say they have a few things up their sleeves. The game will be called promptly at the hour named and will be free. All are invited. The teams will line up:

### GEORGE A. CARBAUGH CALLED EARLY TODAY

Well Known Citizen of Dixon Passed Away at Hospital at 8:05 O'clock

### FUNERAL THURSDAY

George A. Carbaugh passed away at the Dixon hospital at 8:05 o'clock this morning, death following an operation for ailments with which he had suffered for a number of years. The funeral will be held at his late home, 222 Lincoln Way, at 2 o'clock Thursday afternoon, and at the Grace Evangelical church at 2:30 o'clock, Rev. Duffey officiating, and with burial at Oakwood.

Mr. Carbaugh was born Jan. 22nd, 1859, in Waynesboro, Franklin county, Pa., and was married to Magdalena Krug at Bradford, Ill., Feb. 17, 1892, who still survives to mourn his death, together with two foster children, Cleo Deeter and Ruth Carbaugh. He also leaves the following brothers and sisters: Charles, of Rockford, Ill., Lincoln, in Elgin, Ill., Foster, of Elgin, Ill., Mrs. James Morris, of New York City, Mrs. Walter Brewster, of Clayton, Ill., Mrs. Edward Shawger, of Dixon, Mrs. Ralph Keener, of Wyanet, Ill., and Mrs. Earl Mount, of Wyanet, Ill. One brother, John, preceded him in death. Early in life he united with the Methodist church and later joined the United Evangelical church to which he belonged at the time of his death.

### TO TAKE OVER WIRES JULY 31

By Associated Press Leased Wire  
Washington, July 23.—President Wilson today issued a proclamation taking over the telegraph, telephone, cable and radio systems of the United States for the duration of the war and effective July 31 next.

The authority to operate the lines has been vested in the Postmaster General. Complete details of the announcement will be made public later in the day.

### COUNCIL HELD SHORT MEETING THIS MORNING

LITTLE BUSINESS OF IMPORTANCE TRANSACTED BY COMMISSIONERS

The Dixon city council met in regular session at 10 o'clock this morning, with Mayor Schmidt and all commissioners present. The council granted a soft-drink permit to John Berg, who is conducting a soft-drink place at 418 First street, formerly occupied by Julius Gottlieb.

The matter of Jason Duis being released from the partnership bond of Vaile & Duis, was brought up, but no action was taken on the matter until the next regular session.

City Attorney Keller was employed to look after the city's interests in the electric rate increase.

Mayor Schmidt made it known to the council that he was not in favor of the fire bell and said that the matter of telephonic connection with the department relative to notification of fires, could be settled in a satisfactory manner.

There being no other matters for consideration, council adjourned.

### At Country Club.

There will be a picnic supper at the Country club July 26th. Members are asked to bring enough of one of the following articles to serve ten people: Home made baked beans, spaghetti or macaroni, creamed potatoes, cabbage salad, beet pickles and deviled eggs. Bring own sandwiches and dishes. Mrs. Conners will serve iced tea and cream to those who desire them.

## AMERICANS TAKE MORE TOWNS AND PRISONERS; FRENCH IN NEW DRIVE

Yankees Capture Jaulgonne and 300 Prisoners Today—French Launch New Attack In Montdidier Sector and Make Progress—German Losses Since March Are Close to One Million Men—Allies Continue To Advance All Around the Salient

By Associated Press Leased Wire

The French and Americans have crossed the Marne over a front of 12 miles between Jaulgonne, 7 miles east of Chateau Thierry, and Reuil, near where the German line crossed the stream during the days when the German offensive was at its height.

On the west flank of the German salient the allies have taken Oulchy, a mile north of the Ourcq river and Nanteuil Notre Dame, a dominating point in the German lines of communication.

The allies have also captured Buzancy, several miles south of Soissons, which brings them up to a ravine which stands between them and the heights east of Soissons.

On the front between Rheims and the Marne the British have taken Petitchamp wood, near Marfeau, where they took the places formerly held by the Italians.

News of these successes have all come through unofficial sources to London. They show that in spite of the French statement telling only of artillery duels on these fronts yesterday, the allies are making important progress all around the salient in which the Germans were caught in the furious onslaught last Thursday.

A lull along this line might be expected at this time because of the stern resistance of the enemy and the necessity of the allies bringing up their heavy artillery and supplies.

It appears, however, that the momentum of the allied plunge is not spent and that they are forging ahead along virtually the entire battle front.

### French Launch New Attack.

At 8:15 this morning the French launched an attack on a four mile front in the Montdidier sector. In the first three hours they advanced a mile. London hints that the attack was made over a wider front than is mentioned in the dispatches.

This new onslaught is being made on a front that has been comparatively quiet since the German offensive there came to a halt early in June. It may have very important bearings on the development of the military situation along the whole front.

Previous attacks are reported launched last night in this sector in the region of Mailly-Raineval, Sanvillers and Aubvillers, which are west of the Avre river and immediately south of the point of the French successes earlier in the month when the captured valuable positions over a three mile front near Castel, advancing a mile and a quarter. Prisoners numbering 350 were taken.

### Germans Preparing For Retreat.

Indications that the Germans are preparing for a retreat north of the Marne are continuing. Large fires are reported burning at Fer En Tardenois, near the west flank of the German salient and also at Ville en Tardenois just behind the German line southwest of Rheims.

The enemy may choose the line along the Ourcq for further defensive operations but at present the situation appears that the allies may cause a retirement to the Vesle river. This is said to be indicated by large concentrations of German forces at Fismes and other points along the Vesle.

The successes of the French north of Montdidier have improved their lines there. They now hold positions in a sector which dominates the Avre valley for several miles along the vital sector.

Further north the British have advanced their lines slightly south of Hebuterne where recent attacks shoved their positions forward over a one mile front.

## SOLDIERS' WAR SONGS ARE STRIKINGLY FUNNY

British Soldiers Find War  
Too Serious To Be Tak-  
en Seriously  
AND THUS THEY JOKE

By Associated Press  
Behind the British Lines in France  
—A striking feature of the British  
soldier's war songs is their humor.  
Even the French find it difficult to  
understand how it is that the Tommy  
apparently looks upon as merely  
comedy what is in reality the great-  
est tragedy in the history of the  
world. The truth is that the British  
private has discovered a new philo-  
sophy appropriate to modern war.  
He has discovered that it is too se-  
rious a business to be taken seriously.  
Humor and flippancy is the only  
antidote to its unutterable ghast-  
liness.

In all the British soldier's songs,  
the contrast to the songs of the  
German army is the most striking.  
Here is one which might well be  
called the British soldier's Hymn of  
Hate:

"Three bells of hell go ting-a-ling-a-  
ling,  
For you and not for me.  
For me the angels sing-a-ling-a-ling,  
They've got the goods for me.  
O death, where is thy sting-a-ling-a-  
ling,  
Where grave thy victoriee.  
The bells of Hell go ting-a-ling-a-  
ling,  
For you but not for me."

That is the nearest he has ever  
approached to an expression in song  
of his religious faith.

There is one song in particular  
which might well be called the song  
of the British Army. Every soldier  
at the front can sing it. It is to be  
heard in every trench dug-out and  
billet in France. The words do not  
scan and the music cannot be com-  
mended for martial grandeur or de-  
licate harmonies, but it is Tommy  
Atkins' masterpiece. It is almost  
a dirge or lament, colored with just  
that touch of elusive, Cockney humor  
which shows that it is not to be  
taken seriously. These are the  
words:

"I want to go 'ome,  
I want to go 'ome.  
The shells and the whizzbangs they  
rush and they roar,  
I don't want to go to the trenches no  
more,  
I want to go over the sea  
Where the Allemans cannot catch  
me:  
Oh, my,  
I want to go 'ome."

One can imagine a German over-  
hearing this song and drawing cer-  
tain inferences as to the singer's  
morale. But the British soldier will  
utterly confound those inferences  
every time.

He has a great weakness for senti-  
mental love songs which remind him  
of home and of associations that  
lift him out of the sombre surround-  
ings of his camp or billet.

Tommy Atkins has all the intense  
reserve of the Briton. To sing about  
fighting for freedom against the  
enemies of right, for the sake of the  
flag, and all the rest of it, strikes  
him as indecent. Such things make  
him blush—they are not mentioned  
in polite military society. The more  
flamboyant type of patriotic songs,  
which proclaim with gusto that a  
soldier's life is the only life for me  
and so forth, he frankly ridicules.

## PRAIRIE REGIMENT IS THROBBING MACHINE

Nearly Every Company Is  
Up to War Strength and  
Ready for Active Duty

### GOOD RIFLE RECORDS

Camp Grant, July 23.—The Prairie  
Regiment or 342nd Inf. has become a  
Throbbing Machine of new energy  
within just the past ten days. Nearly  
every company is almost up to war  
strength and the new men which  
the 161st Depot Brigade just re-  
leased to the Regiment are already har-  
dening under the intensive training  
program which has been laid out  
for them. Their development while  
in the Depot Brigade was remarkable  
and their assimilation of the advanced  
French formations should be  
rapid. Col. C. E. Stodter command-  
ing the 342nd Infantry is watching his  
new troops during their first  
firing practice at the rifle range last  
week marveled at the large scores,  
which these men, many of whom  
had never before fired a rifle, made  
and their eagerness to make the  
highest total of points. Many men  
secured possibilities; that is, a perfect  
score, and a 45 out of was was not  
unusual.

The new recruits hail from Wis-  
consin and Minnesota and many  
from Chicago. Regardless of this  
the 342nd Regiment will retain its  
identity as the Prairie Regiment.  
The title has become a camp watch-  
word of a perfectly organized fight-  
ing machine and the new men have  
proudly informed their home folks  
that they belong to the fighting  
Prairie Regiment.

Let your money accompany your  
classified ad. We do not care to  
make a charge account of these small  
amounts.

Detour people.

## U. S.-JAP ARMY SOON TO ENTER RUSS TERRITORY

President Wilson Writes  
Edict on Plan To Save  
The Russians

### TOKIO ACCEPTS OFFER

America's Proposition To  
Intervene In Siberia Is  
Taken Up By Japs

Washington, D. C., July 22.—The  
plans of the United States for par-  
ticipation in the expedition to give  
military aid to Russia are expected  
to be announced in a public state-  
ment by President Wilson very soon,  
probably before the end of the pres-  
ent week.

Unofficial dispatches from Tokio  
and London received here today  
stated that Japan had agreed to the  
United States' intervention plan. The  
Japanese diet has been called in spe-  
cial session, presumably to provide  
the funds to finance the Japanese  
army which will accompany United  
States and allied troops into Rus-  
sia.

Plans for the military expedition  
to be conducted jointly by the United  
States and Japan with Great Brit-  
ain and France, it is understood, do  
not at this time contemplate the re-  
construction of the eastern front as  
a battle line to draw German troops  
from the west.

### Stand Behind Russian People.

The president's statement, it is un-  
derstood, will be of a very explicit  
nature, making clear the moans of  
the aid to be extended and declaring  
that the United States has only un-  
selfish motives and intends to stand  
firmly beside the Russian people in  
their fight for a democracy. The send-  
ing of economic aid also will be an-  
nounced in the president's statement  
but the personnel of the commission  
probably will not be.

The objects of the expedition, as  
they will be outlined in President  
Wilson's statement, which he person-  
ally is preparing, will be to protect  
American interests, the interests of  
the Russian people themselves in  
their fight for democracy, and for a  
safeguarding of the vast supplies  
that will be sent to Russia as part of  
the program of economic aid.

### Wilson Conducts Parleys.

The President's statement will be  
the official announcement to the  
world of the decisions, which have  
been referred to in recent news dis-  
patches from Tokio and London. No  
official announcements have been  
made before, it is understood, be-  
cause the United States has been  
waiting official word from Tokio,  
of the acceptance of its proposals that  
are understood to differ somewhat  
from those advanced by Great Brit-  
ain and France.

President Wilson has been con-  
ducting the negotiations practically  
in person, giving them almost his un-  
divided attention. His determination  
to see a democracy preserved for the  
Russian people has been unaltered  
by any of the difficulties which have  
made the task of finding a way to ex-  
tend aid to them a most discourag-  
ing one.

### JAPAN SENDS REPLY.

Tokio, July 19.—By the Associat-  
ed Press.—It is believed in political

circles here that the Japanese gov-  
ernment's reply to the proposal made  
by the United States relative to en-  
tente allied intervention in Siberia  
will be dispatched to Washington to-  
day.

It is understood that the Japanese  
government's answer accepts the  
American proposal in every partic-  
ular.

A special session of the diet to dis-  
cuss the question of intervention in  
Russia is likely to be called, accord-  
ing to the newspaper today.

## HERE AND THERE OVER THE STATE

Many of the farmers throughout  
the northern section of the state are  
cutting their oats. The crop is very  
good. In central and southern Illi-  
nois the crop is all shocked.

Several Savanna girls have gone  
to work in the railroad roundhouse  
as engine wipers, taking the places  
of men who have gone into the ar-  
my. There are now five girls employ-  
ed in that kind of work and a num-  
ber of colored women are working in  
the railroad yards.

Rockford Electric company filed a  
petition with the State Public Utili-  
ties commission Saturday asking for  
an order authorizing it to change its  
form of rates for electric service at  
Camp Grant so that two of the regu-  
lar rates may be consolidated to  
one for government service.

Beginning yesterday 8000 selected  
men from Wisconsin will begin to  
arrive at Camp Grant. They will  
come in groups of several hundred a  
day for a period of five days.

### LADIES OF G. A. R. TO HAVE FLAG SERVICE

The Ladies of the Grand Army  
Circle will give their flag service at  
the funeral of the late Comrade An-  
tone Freese, to be held at the home  
of his son, Wm. Freese, 713 First St.  
tomorrow at 2:30 p. m. All com-  
rades of Dixon Post G. A. R., of  
which he was a member, and of the  
G. A. R. Circle, are requested to at-  
tend.

### LIKES HER WORK.

Miss Kathryn Winkler of Sterling,  
formerly employed on a local paper,  
now of the Surgeon General's office  
at Washington, D. C., writes her  
mother that she has been at a hos-  
pital having her tonsils removed. She  
is much improved. She also writes  
that she has been promoted, being  
now in charge of a division. She likes  
her work very much.

### SON IS IN FRANCE.

Mr. and Mrs. George Brooks re-  
ceived word last Friday that their  
son, James Brooks, had arrived in

## L. V. L. PRAISES LEGISLATORS

The Legislative Voters' League  
has made public its report on mem-  
bers of the Illinois legislature for the  
50th General Assembly, and has the  
following to say regarding members  
of the house and senate from this  
district. All the men mentioned are  
candidates for re-election with the

exception of Editor George Carpen-  
ter, of Amboy. The league report  
says:

Thirty-fifth District  
Adam C. Cliffe, senator [Rep.]—  
Mr. Cliffe was president protem. of  
the senate during the last session  
and acted as the governor's floor  
leader in the upper body. He is  
able, honest, and sincere. Mr. Cliffe's  
general legislative record has been  
a very good one.

John P. Devine, representative  
[Dem.]—Mr. Devine is one of the  
ablest men in the assembly. He led  
an unsuccessful floor fight against  
excessive appropriations embodied  
in the omnibus bill. He is a con-  
scientious man, of the conservative  
type, and does not interest himself  
in some progressive legislation. He  
is one of the most valuable men at  
Springfield.

George L. Carpenter, representa-  
tive [Rep.]—One of the new mem-  
bers who worked hard and conscien-  
tiously throughout the session.

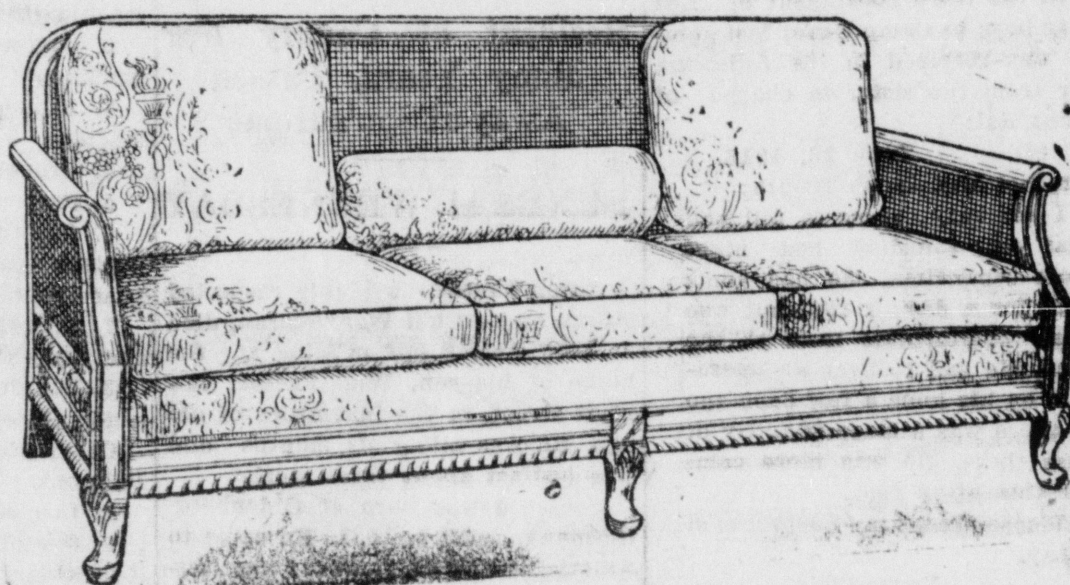

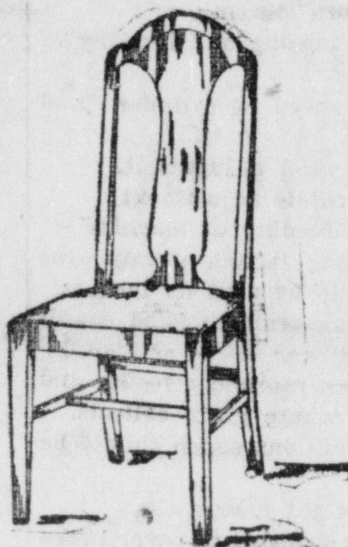

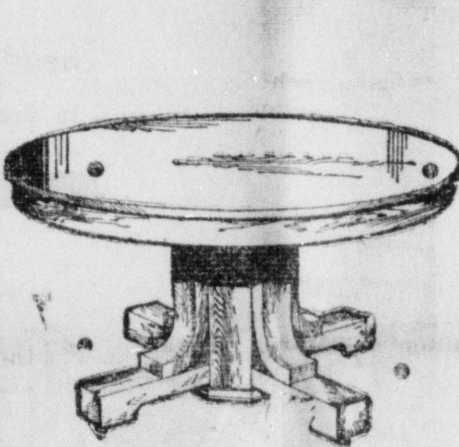

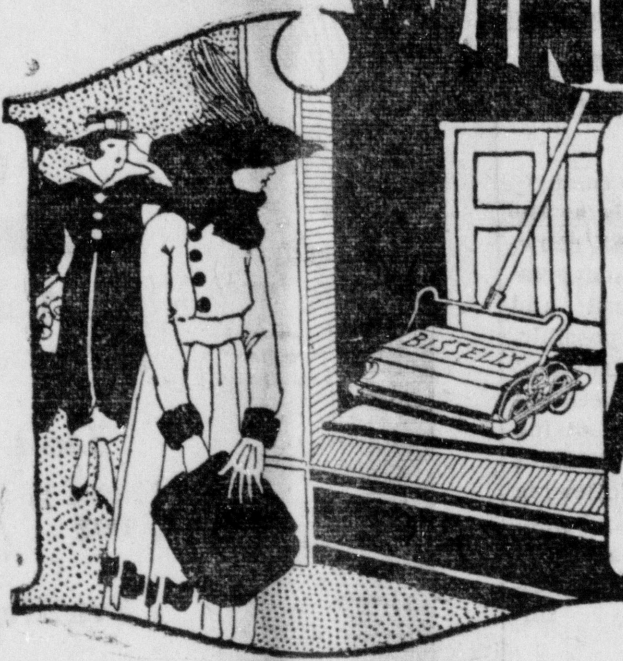

F. A. Brewer, representative  
[Rep.]—Mr. Brewer's legislative ef-  
ficiency showed improvement over  
his first session. He paid close at-  
tention to his assembly duties and  
made an excellent record.

so low you CAN'T AFFORD to be without such  
things.

## LINOLEUM

Is certainly a labor saver and essentially desir-  
able for HOT WEATHER floor coverings; it's so  
inexpensive and so easily cleaned. We show IN  
STOCK more than 300 patterns and you'll find  
designs and colorings suited to use in ANY  
room of your home; a big line, too, of "CON-  
GOLEUM" Rugs in 3x4-6, 3x6, 6x9, 7-6x9, 9x9,  
9x10-6, 9x12 sizes. "Congoleum" ART Rugs are  
as richly handsome as the choicest Body Brus-  
sel rugs; are cleaned with a fourth the effort and  
cost but approximately a fourth the amount—  
yes, do come in and see them.

Time spent looking around in this store  
means a goodly saving; whether you want much  
or little is the measure of your gain.

Metal beds do away with that STUFFY, SMOTH-  
ERY, HOT feeling one instinctively feels on entering a  
WOOD bed furnished room; you MUST see the pretty  
WOOD FINISHED steel beds that are so dainty and airy;  
designs that are delightful in artistic beauty, lighter in  
weight than wood beds, far easier to care for than brass  
beds and finished to perfectly match the grain of wood of  
your dresser and toilet table.

**Have Started Something**  
The Misses Carpenter, of New City, are spending their annual vacation in Dixon. However, if "business keeps up", it will not be the vacation anticipated, as these young women, artists and truly patriotic, have started a novel business for the Red Cross by making garden hats, hand decorated or painted in flowers or fruits, to the order of customers and selling them for a song, the proceeds all to go to the Red Cross. The hats are artistic and becoming and though the word has been but passed around among their friends, they already have orders for more than fifty. The artists are busy all day long and have even inveigled Miss Ingraham and Mrs. Nell Gantz Miller into receiving their customers. The Misses Carpenter are at the Mrs. Ingraham residence on Crawford Avenue.

## DESULTORY FIRING IS MOST EXCITING GAME

**Airmen Fly Back and Forward At Night Dropping Bombs for An Hour**

**RETURN TO ATTACK**

Behind the Lines in France.—One of the most exciting tasks to which airmen are assigned is what is known as "desultory bombing" over one spot for an hour or more. The object is to distract the attention of the anti-aircraft defenders of a given district, and a machine carrying a dozen or more bombs is employed for the work.

At first the airmen, a pilot and an observer, approach their target cautiously. With engines throttled down, the craft glides nearer and nearer. Below all is quiet. No German searchlights are sweeping the sky. When the attackers are almost over their objective a rocket rises toward them and bursts into a cluster of red stars. The machine has been discovered. At once six or seven searchlights throw their beams aloft. The pilot looks at his watch; it is time to begin his desultory bombing.

He flies steadily on, although a barrage of bursting shells lies now in front of him. The observer looks through the wires of his bomb-sight to the ground below. At the proper instant he thrusts his lever forward and releases two bombs. A few seconds later he sees the flash of their explosions, and above the crackling barrage, he can hear two dull roars. He signals to the pilot and the machine turns and sweeps away from the fiery ring of shells and searchlights.

A few miles away the airplane flies to and fro at top speed. The puzzled searchlights vainly feel the sky in all directions and then, one by one, are switched off. Then the pilot quickly moves again toward the target. Another bomb is dropped. As it explodes the searchlights reappear and the barrage is then renewed while through the thickly grouped shell bursts are threaded the chains of green flaming globes so much used by the Germans.

Again the machine flies away and this time, to bewilder still more the soldiers below, the observer fires a white Verney light which slowly drifts below and fades out. All the searchlights follow it until it dies. Repeatedly the airmen return to the attack. Bombs are dropped at intervals until the end of the hour when the machine departs, flickering fires and clouds of smoke telling of the havoc wrought by the bombs.

## CARS DAMAGED IN A COLLISION

A Ford runabout owned and driven by a tourist named Fleming and bound from the west to Chicago, suffered some damage in a collision with Bert Smice's Overland car today at noon at the intersection of N. Galena Ave. and Lincoln Way. The front axle of the Ford was badly bent and a fender was damaged. Mr. Smice's car escaped with a broken hub cap and a bent fender.

## RACE MEETING AT STERLING

The Rock River Driving club will give a race matinee at the Mineral Springs track, Sterling, Saturday afternoon, July 27th, at 1:30, which many Dixon race lovers will attend. It is announced there will be five classy races, in each of which the entry list is large, and that the Moose band will furnish music during the day.

Deputy Schoenholz was in Bradford today on business.

their progress. So far the taking of 300 prisoners by the Americans in this advance is reported.

The French stormed the heights north of Courcelles at 3 o'clock yesterday afternoon. They also hold the bend in the neighborhood of Chasons as far as Treloup (these towns are just north of the Marne and east of Jaulgonne, taken by the Americans).

Treloup, accordig to the latest advices, is still in the hands of the Americans. The French have crossed the Marne at Pont a Binson, just east of Reuil.

The enemy has attacked heavily from the direction of Vandieres, but these onslaughts have been beaten off. The French have captured Oulchy Le Chateau.

On the front between the Marne and Rheims the British have captured the town of Buzancy.

## Germans Contest Marne Crossing.

London, July 23.—In their fighting along the Marne the French are reported to be experiencing great difficulty in making the passage of the river at some points, which are being stubbornly opposed by the German infantry, well supported by artillery and machine guns.

## German Losses Close To a Million.

Paris, July 23 (Havas Agency).—According to a review of the military situation in Premier Clemenceau's newspaper, the German losses since March 21, this year, are approaching the one million mark.

## Situation Looking Good for Allies.

London, July 23.—Well informed opinion in London regards the situation on the battle front as going well for the allies. It is not expected, however, that the advance will be so rapid as previously as the Germans have now had plenty of time to bring up their reserves. The Germans are also displaying a disposition to fight for all they are worth.

## Germans Are Stiffening Their Resistance.

London, July 23.—The Germans are stiffening their resistance between the Ourcq and the Aisne rivers and are bringing up their heavy guns.

## Franco-Americans Still Progressing.

London, July 23.—The Franco-Americans continue to make progress and gain ground between the Ourcq and the Marne. Advices today state that in the attack carried out by the French they have restored all the ground they lost to the Germans on Monday in the region of Griselles, 7 miles northwest of Chateau Thierry.

## German Prisoners Increasing.

With the American Army in France, July 23, 7:40 A. M.—Overnight the situation appears to have made no radical change on the battle front.

The number of prisoners has been increased by thousands and veritable mountains of captured ammunition and materials are in the possession of the allies. Many of the guns have been blown up or damaged before they were abandoned.

## German Losses Extremely Heavy.

London, July 23.—The inactivity in the Champagne sector yesterday is semi-officially ascribed by Paris to enormous German losses. On the front with Gouraud's army alone, 50,000 Germans are declared to have been put out of action. Hundreds of guns were unmasked only when the assault waves crossed the covering zone and approached the real line of assistance.

## Feeding Bunk to German Public.

Amsterdam, July 23.—The German public is being told by German military experts that the American and French ambitious attempts to break through which, in Baron Von Ardenne's words "might have caused a decisive change in the military situation," has failed because of the famous German system of elastic defense. They explain that the enemy only made initial successes.

The Wolff Bureau correspondent at the front dwells on the "excessively severe losses of the Americans." These losses are said to be due to the Americans being mixed with savags and "niggers" instead of white French troops, as heretofore. He says, "at many points there are mountains of American dead in front of the German positions."

## IN MOTOR SERVICE.

Stanley R. Miller, son of County Superintendent and Mrs. L. W. Miller, has enlisted in the army, in the motor service, and is stationed at Jefferson Barracks, Mo. Mr. Miller went to St. Louis several days ago to take an examination and this morning his father received a message from the son, saying, "Accepted and in."

## FIXED \$5 AND COSTS.

## THE GERMAN "SPIRIT OF SINCERITY."

Chancellor von Hertling announces, with a fine flourish of Prussian virtue, that Germany is prepared to receive peace proposals from the allies "if they are offered in a spirit of sincerity."

Nobody in any allied country will take the trouble to discuss the question of "sincerity" with Germany. It isn't worth while.

But as to this "sincerity" issue it may be pertinent to say that only a part of the von Hertling speech was given to the press at the beginning. Now more of it as to Belgium is given out. The North German Gazette explains that "only the first part of the speech regarding Belgium having already been published, the latter part of his observation is now issued to the press because the members of the reichstag demanded it." The chancellor is quoted as having said in this last part: "It was never our intention to keep Belgium except as a pledge by which to secure Germany against future perils, and until the danger is removed we can not surrender our pledge. In peace we must be guaranteed against Belgium being used for ground on which to deploy military forces, but from the economic standpoint we must have guarantees against being isolated. It must be made to the interest of Belgium to secure close economic relations with Germany. Should Germany succeed in attaining such an intimate commercial connection, this would bring about a political agreement with Germany in which we should secure the best guarantees against future perils from England and France by way of Belgium."

In other words, Germany does not intend to hold on to Belgium, but of course she will do it as long as she sees any possible chance that—the war being allowed to end with the kaiser and the militarists still in control of Germany—such control might be jeopardized either by Belgium alone or in conjunction with allies. Inasmuch as Belgians will never of their own volition consent to live under the rod of the kaiser, the chancellor's statement must be interpreted to mean that Germany will keep Belgium as long as Germany continues to be an autocracy.

For years before the war, the allies sincerely tried to persuade the German government to consent to the limitation of armament and the peaceful settlement of international differences. Germany steadfastly refused. During the momentous month of July, 1914, the allies moved heaven and earth in sincere efforts to ward off the impending struggle, offering everything short of their own dishonor to dissuade Germany from her fell purpose. It was of no use.

Again and again, throughout the war, proposals have been put forward by allied spokesmen for an honest peace, based on equitable settlement and honest guarantees for the future. Germany has invariably dodged and misrepresented these proposals, and gone ahead with her plans of conquest and loot.

The German government has several times put forward tentative peace proposals, always of a sort that no honorable nation, with its own safety and the world's welfare in mind, could possibly accept; or, if fair-seeming, they have been couched in equivocal terms, so that they could be altered or withdrawn at Germany's pleasure.

No one can fail to see that the equivocation continues in this last part of the pronouncement by von Hertling as to Belgium. He seeks to make the world understand that Germany will not keep Belgium; but he leaves the way wide open for the finding of excuses to keep it. It really is a compliment to the chancellor to say that he feels the need of leaving the way open for excuses, as Germany has shown that she needs no excuse for anything, except the feeling that she has the necessary military power.

Now the war has gone too far for any hugger-mugger peace, any peace in which either side conceals anything, as Germany did with Russia. Germany has committed too many crimes for condonement. The allies have suffered too much. Faith in German honor has been too irretrievably shattered. There can be no more "feelers," no more bandying of words.

The allies today have one clear purpose, which they can not change. They must and will go through to the end. They can state their peace terms at any time, with absolute sincerity, in two words. Those two words are "UNCONDITIONAL SURRENDER."

Now German raiding parties are wearing French helmets and coats and passing themselves off as French soldiers, in order to surprise and kill or capture Americans. But this is only one of the minor breaches of the rules of civilized warfare that the Germans are committing.

German desperation has decided that it may be a good thing to have another U-boat or two on this side of the Atlantic. Keep it up, Mr. Kaiser, it increases American determination to "get you." A determination which is strong already.

## Fables and Parables.

Of the fable as distinguished from the parable there are but two examples in the Bible. The first of these is that of the trees choosing their king (Judges 9:8-15); the second that of the cedar of Lebanon and the thistle (II Kings 14:9).

## The Disadvantages of Wealth.

Somebody figures that to count \$1,000,000 would require 102 years of steady work at the rate of eight hours a day every working day. You can see from this how embarrassed you would be if you had \$1,000,000,000. You wouldn't even have time to count it.—Boston Globe.

The Quality Goes Clear Through

## Climching the Evidence

It was a stock Dort that won the official A. A. A. long distance thrift record.

One exactly like those that private Dort owners drive every day in the year.

That is something to bear in mind when making comparisons.

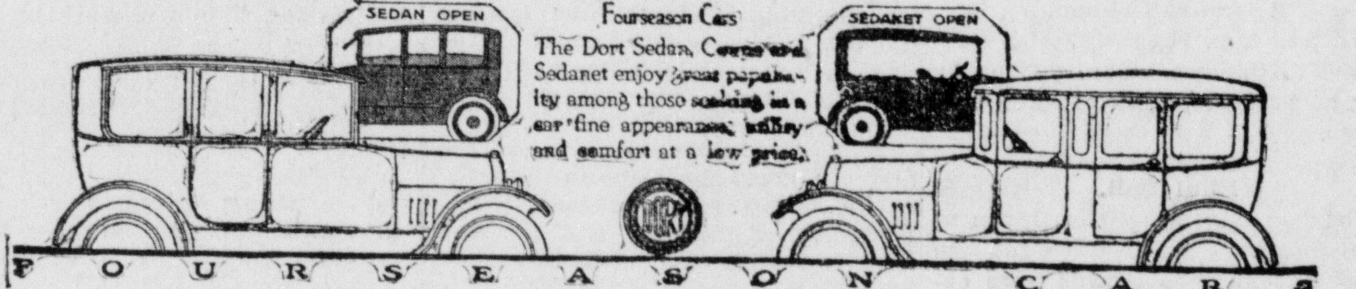

But—

Do not stop there. Clinch the evidence of Dort thrift by asking some Dort owner what his personal car is doing. Many of them are getting as good or better results—and will tell you so.

## SATURDAY NAMED STRAWBERRY DAY

By Associated Press

London—Saturday has been designated as "strawberry" day in Great Britain. Since the government commandeered the fresh fruit crop for jam purposes for the soldiers Saturday is the only day in the week when the public may buy strawberries.

The berries retail at eighteen cents a pound and are in great demand.

Before the strawberries were commandeered by the government the price was about thirty-six cents a pound.

With the "strawberry" Saturday also came the "strawberry queue". Many housekeepers bought five and six pounds, if the storekeepers allowed them that many, and endeavored to get more for jam making. Nearly all cream from the English dairies goes to the cheese factories so strawberries and cream, even on "strawberry" Saturday is but a memory in all parts of the country.

**What They Meant.**  
A Scotch clergyman named Fraser claimed the title and estates of Lord Lovat. He tried on the trial of the case to establish his pedigree by producing an ancestral watch on which were engraved the letters S. F. The claimant alleged that these letters were the initials of his ancestor, the notorious Simon Fraser, Lord Lovat, beheaded in 1747 for supporting the young pretender. The letters, engraved under the regulator, were shown to stand for "Slow, Fast," and the case was laughed out of court.

## KAISER'S RELATIVE AMERICAN PLOTTER IN INVASION PLAN

German Reservists Planned  
To Seize Canada With  
Soldiers Overseas

### PLANNED MEXICAN AID

New York, July 22—Amazing revelations concerning the organization of 150,000 German reservists in the state of New York in readiness to invade Canada before the entrance of the United States into the war came today with the raiding by the agents of the department of justice of the home of Dr. Friederich August Richard von Strench, a reputed half-brother of the German kaiser.

About the time the raid was being made a presidential warrant for Dr. von Strench reached this city. For the last ten days Dr. von Strench has been in custody and his arrest is now regarded as the most important made since the disclosures regarding German propaganda were made.

**Kaiser's Half Brother.**  
Chas. Dewood, division superintendent of the bureau of investigation of the department of justice, said the papers and documents show Dr. von Strench is a half brother of the kaiser, that he came to this country 20 years ago and, while a prominent physician in Harlem, has been exceedingly active in secret German activities.

The doctor does not know of the seizure of his papers, which were found carefully kept in celluloid and tin tubes. The documents show he had for a long period active relations with prominent Americans who knew what he was doing.

They have also brought into the case, department of justice agents say, a mysterious woman who will be questioned at once by Chief Dewood.

**Former German Officer**  
Dr. von Strench was on intimate terms with Count von Bernstorff, Or. Albert and others of the controlling German group in this country. Before coming to this country he had been a German army officer.

From his papers it became known that Dr. von Strench was the head of the movement in this country to organize the German reservists into a fighting body before the U. S. entered the war.

The reservists, the papers show, were organized in units, and so organized that they could be ready at almost an hour's notice to move over the Canadian border while the bulk of the Canadian soldiers were overseas.

The papers also show it was the intention to send large numbers of these reservists, especially artillerymen, into Mexico to aid Villa, or whoever might be in control there, in making war on the U. S.

### GASOLINE UP A HALF CENT

Washington, D. C., July 23.—Gasoline is going up again. The fuel administration announced today it has advised the national petroleum war service committee, dominated by the Standard Oil interests, that "it will not object to an advance of one-half cent a gallon in the wholesale tank wagon market price of gasoline, naphtha, and refined oil throughout the entire United States, effective Monday morning, July 22, 1918. The reason for this advance is the recent increase in railroad rates throughout the United States. "In no instance shall the increase in the wholesale prices of these products be permitted to cause an advance in the price to the consumer of more than one-half cent per gallon, and it is believed in many cases the present retail margin of profit is ample to permit of the absorption by the retailers of the increase in cost of one-half cent per gallon without any advance in price to the consumer."

The trade commission finds that there is a plentiful supply of gasoline no danger of a famine, and no excuse for the exorbitant prices already prevailing. The commission is impressed by the need of curbing the exactions of the oil companies.

### CHEAPER POWER FOR IRELAND NOW

Dublin—There is satisfaction in Ireland at the announcement made in the report of the Electric Power Supply Committee that it is intended to make an investigation of the sources of power in Ireland for the supply of cheap electricity. The small industrial towns of Ulster would especially benefit by such a supply.

A large electric station is being erected by the Belfast Corporation to supply the Belfast area with electricity, but no provision has hitherto been made for the distribution of electricity on a large scale over the industrial areas of Ulster outside Belfast.

## CHARGE GREAT GRAFT PLOT IN ARMY GOODS

Many Lesser Army Officers  
Of Quartermasters Corps  
Said To Be Involved

### 15 COMPANIES ARE HIT

New York, July 22 — Extensive conspiracies involving bribery and graft in connection with army contracts for rubber raincoats sent to soldier in France were disclosed by department of justice officials tonight, simultaneously with the arrest of 17 officers and employees of 15 manufacturing companies in New York and Brooklyn on charges of bribery, fraud and conspiracy.

Army officers of the quartermasters corps involved in the graft now are under surveillance and probably will be arrested soon in Washington or other cities where their duties as purchasing agents or inspectors take them.

#### Big Contracts Tainted

Hundreds of thousands of dollars of raincoat contracts are tainted with fraud already uncovered by department of justice agents and other disclosures affecting army orders for clothing, soldiers' equipment, machinery and supplies, and involving arrests on criminal charges may be made soon, it was learned.

Most army officers at whom the finger of suspicion points are of the lower ranks, but a few of the ranks of major and colonel are said to be under investigation. Department of justice officials declined tonight to indicate whether they believed any great proportion of the army contracts were obtained by bribery or other fraud, but they declared many millions of dollars worth of goods have been delivered on suspicious contracts.

#### Charge Direct Bribery

Direct bribery of unnamed army officers who had charge of letting contracts or inspecting goods is charged against a number of those arrested tonight.

## BIRTHRATE LOW IN IRISH TOWNS

By Associated Press  
Dublin—The Irish Registrar General's return for the first quarter of this year shows a drop in the Irish birth-rate of 3.6 below the average for the previous ten years. The marriage rate is practically stationary. The death rate is 3.3 below the average.

The general prosperity of Ireland is reflected by the fact that the returns on Irish pauperism shows a decrease of 3,122 in the average number of workhouse inmates.

## MEXICAN GENERAL FORMS A COLONY

By Associated Press  
Chihuahua City, Mexico, July 23. —General Francisco Murguia, commander of the northeastern military zone has started an agricultural colony on the great estates north of this city which were confiscated from General Luis Terrazas by General Villa in 1913. General Terrazas was the most wealthy land owner in Mexico, owning fifteen ranches, about two-thirds of the state of Chihuahua, estimated at 5,000,000 acres. Before the revolution led by Villa, this property was estimated to be worth \$200,000.

When Villa was at the zenith of his power General Terrazas fled to the United States and Villa decreed the seizure and confiscation of his property, at the same time holding General Terrazas' son, Luis, Jr., prisoner and demanding a ransom of \$250,000. While in the jail in Chihuahua City, the son was subjected to torture to compel him to reveal the place in which Villa believed the Terrazas family had concealed \$500,000. Luis Terrazas, Jr., escaped to the United States and soon afterward died in Los Angeles.

General Murguia has established himself at Molinar station on the Mexican Central Railway and has brought from the south a train-load of former revolutionists and other undesirable from Zacatecas and Torreon and has put them to work on the land. They are plowing a tract of 100,000 acres and a big crop is expected if they do not join Villa the next time his band passes near the colony.

Mrs. Henry Kenneth will go to Sterling Wednesday evening where she will visit for several weeks with her daughter, Mrs. Chas. Bishop.

## RECRUITING IS BRISK IN IRELAND AT PRESENT

DUBLIN GIVES RECRUITS TO THE  
BRITISH ARMY ROYAL SEND-OFF  
AS THEY LEAVE FOR WAR.

By Associated Press  
Dublin—Lieutenant Percy, Director of Naval Recruiting in Ireland, declares that recruiting for the British Navy was never more brisk in Ireland than it is at present. There are Irishmen in every department from Admirals down and the recruits in the villages and towns throughout Ireland are always warmly welcomed.

Dublin has just given a cordial send off to a number of recruits of the Trawler section of the Royal Naval Reserve. This branch appeals particularly to Irish boys who have experienced in the past few months around the Irish coasts the cruelty with which the German submarine campaign is conducted.

The recruits paraded the streets of Dublin accompanied by bluejackets and marines and the band of the Berkshire Regiment. Among the inscriptions on the banners in the procession were:

"The Germans are sinking Irish ships and murdering Irishmen. Join us and avenge these crimes."

"We are Beatty's boys, brother Irishmen, come along."

## COULD MAKE A FASTER MACHINE

By Associated Press  
London—"It would be very easy for any English airplane manufacturer to produce a machine which could make better than 250 miles an hour," declared Captain W. G. Aston, one of the leading English experts on air mechanics, here the other day.

"This could be accomplished," he explained, "by merely altering the curvature, or camber, of the planes. But this would mean a minimum landing speed of about 150 miles an hour and there is the great difficulty. The machine would be unquestionably flyable, but its successful landing would require an aerodrome five or six miles long, to say nothing of extraordinary skill on the part of the pilot."

Harvey Sindlinger returned today to Danville to resume his duties with the Illinois Printing Co., after several days' visit here.

Miss Mary Clinton and her niece Helen Page visited in Davenport last week.

Saturday evening, while scores of people were doing their shopping or were attending the motion picture show, two thieves were discovered pillaging the automobiles parked along Main street. They were followed to the depot where they had carried their booty, evidently intending to make their escape on the midnight freight. The stolen articles which included a coat and a gold watch belonging to George Fetzner, a suit of clothes and packages of groceries of all kinds, were recovered. The thieves, who gave the names of Harry Gallison and Albert Allen of St. Paul were taken in custody by Constable Alvin Corbin and were given a hearing before Justice F. W. Hey, who bound them over to the grand jury. They were placed in jail over night and on Sunday morning were taken to the county jail at Princeton, where they will remain until the circuit court convenes in December.

Mrs. F. J. Burke has returned from the Dixon hospital where she recently submitted to an operation for the removal of an infected bone in her right thumb.

## HOW MANY BONES IN YOUR FEET?

Most likely, you don't know. Few people do, and it is usually a surprise to learn that there are so many and that the foot is about the most complicated and delicately constructed part of the body. That is, perhaps, the reason why at least 75 per cent of all adults have some kind of foot trouble.

Dr. Wm. M. Scholl of Chicago, perhaps the greatest living authority on foot troubles and their mechanical correction, says that not one adult in one hundred has feet that are completely free from defects. He has made a life study of the subject and has patented a great number of appliances for correcting defective conditions and giving comfort.

Dr. Scholl's personally trained assistant is to be in this city today and Wednesday and will conduct a demonstration of the Scholl appliances in Henry's Exclusive Shoe Store. He will examine feet and give expert advice without charge.

The bathing beach is proving a splendid place during these hot afternoons and evenings.

## IRELAND SENDING FOOD TO ENGLAND

By Associated Press  
Dublin, July 23.—Ireland sends more food to Great Britain than is retained for home consumption, according to the Irish Department of Agriculture. Prior to the war Ireland sent more food to England than any other country except the United States. In 1917, the shipments from Ireland were valued at 50,000,000 pounds.

It is claimed by the Department of Agriculture that Ireland produces 40 per cent of the cattle and 30 per cent of the pigs of the United Kingdom.

## HORSE THIEVES BUSY IN BERLIN

By Associated Press  
Amsterdam—The German newspapers are much agitated over an epidemic of horse stealing in Berlin. In a single week recently, horses valued at \$25,000 were stolen in Berlin, most of them while standing in the street in daylight. The animals are sold in the provinces, where they fetch fancy prices, or are used for clandestine butchering in Berlin. A pair of fine race horses recently disappeared during a race meeting at the Grunewald course.

## Fresh Beef Travels on a Rapid Schedule

Fresh beef for domestic markets goes from stockyards to retail stores within a period of about two weeks. Although chilled, this meat is not frozen; hence it cannot be stored for a rise in price.

A steer is dressed usually within twenty-four hours after purchase by the packer. The beef is held in a cooler at the packing house, at a temperature a little above freezing, for about three days.

It is then loaded into a refrigerator car, where a similar temperature is maintained, and is in transit to market on an average of about six days.

Upon arrival at the branch distributing house, it is unloaded into a "cooler", and placed on sale.

Swift & Company requires all beef to be sold during the week of arrival, and the average of sales is within five days.

Any delay along the above journey means deterioration in the meat and loss to the packer.

### GAME WILL GO ON FOR TIME PENDING RULING

Washington, July 22.—Decision on the request of representatives of organized baseball that the effective time of the "work or fight" regulations as they apply to professional baseball players be extended to the end of the present season was postponed today until Wednesday. This action was taken so the national baseball commission could present a brief setting forth its views in the matter.

Provost Marshal General Crowder gave a hearing today to representatives of the Washington American League club preparatory to making a report to Secretary Baker with recommendations as to whether the Secretary's order making the new regulations immediately applicable to the players should be modified so as not to interfere with this year's schedule of professional leagues.

### ANNUAL CUP TOURNEY AT THE COUNTRY CLUB

The qualifying rounds for the annual tournament for Directors' Cups are to be played this week. This is the main handicap event of the season, and as the handicaps are designed to place all players on an even basis, all should plan to enter.

Each entrant must play qualifying round of 18 holes, and file score card attested by another player. Rounds should be played in twosomes or foursomes. The 16 having the lowest net scores (after deducting handicaps, which is done by the committee) are qualified for the tournament, the first round of which is to be played Friday, Aug. 2.

The Directors' Cup for men was won last year by George W. Hawley, and for the ladies by Mrs. F. L. Hamilton, and the year before by Dr. Z. W. Moss and Mary Todd, respectively. Any player who can win the cup three times is entitled to keep it.

Any who cannot play their qualifying scores on Friday, which is the day designated on the club calendar, may do so before that date, or on Saturday, but it is desired to close the list Saturday night.

### GERMANS HAVE SCHEME TO DECEIVE THEIR FOE

Submarines Release Oil To Make Enemy Believe They Are Wrecked

By Associated Press  
London, July 23.—Tricky German U-boat commanders have conceived a new plan designed to deceive crews of the allied submarine destroyers in the game of hide and seek in European waters. When a depth bomb is discharged and does not cripple or destroy the German undersea boat, as sometimes happens, a quantity of oil is released by some device of the submersible and quickly rises to the water's surface.

The hope of the German U-boat captain is that the commander of the destroyer will see the oil, believe that the submarine has been wrecked and drop no more depth charges. Meantime, the German is endeavor-

### GERMANS DESIRE NEW NATION TUNE

By Associated Press  
Amsterdam, July 23.—Germany's Emperor is still seeking a suitable "National Anthem." German officials have decided that the music of "Heil Dir im Siegerkranz" ("Hail to Thee in the Victor's Crown") should be changed as it is the same as the tune to which "God Save the King" is sung, or else that an entirely new hymn should be substituted.

A committee of prominent Germans was formed and poets and musicians throughout Germany were requested to join a competition in the national air contest. More than 3,200 pieces were submitted, some of them being sent to the Emperor himself, but no fit hymn has as yet been found.

Recently the poets and musicians were asked to try again.

### EVANGELICAL TEAM IS VICTORIOUS IN GAME

Rev. Lumsden Saved His Team From Being Beaten By a Good Pitcher

DAVIS WRITES TO MEN  
Member Must Play With Own Team And No Other, He Instructs

An interesting baseball game was played between the Methodist and Evangelical teams at Assembly park last evening the Methodists suffering defeat, but making a brave effort to win. Rev. Lumsden, spiritual advisor of the flock, stepped to the plate in the nick of time and pitched such splendid ball as to keep the Methodist team from a disgraceful defeat, the score being 19 to 17, not so bad, after all.

Score by innings:  
Methodists . . . 1 2 0 2 4 1 7—17  
Evangelical . . . 2 4 0 4 7 3 6—19  
Batteries: Methodists—Anderson, Lumsden and John H. Byers, Jr.; Evangelicals—Piley and Mall.

The feature of the game was the batting of Sheller, Buzzard and Byron Brooks, each going record with 4 hits.

Standing of Teams.  
W L Pct.  
Presbyterians . . . 2 0 100  
Episcopalians . . . 2 0 100  
Evangelicals . . . 2 0 100  
Unions . . . 1 2 333  
Methodists . . . 1 3 250  
Lutherans . . . 0 3 000

The Unions and Lutherans will play a game next Wednesday evening, and on Thursday evening the Presbyterians and Lutherans will play a postponed game.

Secretary Davis has written a letter to each player in the league stating that from now on each player must play with his own team and no other. Heretofore some of the players have been playing on three different teams, but now that the interest is becoming so intense and the teams are getting so close to each other in are race for the pennant, the players must identify themselves with the team they wish to play with and not be jumped from one team to another. It is expected this new ruling will bring better results.

American and British commanders of destroyers and submarine chasers discovered the scheme of Germans some time ago and since then have been dropping depth bombs in greater numbers than previously, using the oil as a guide to the general location of their target.

"Oil camouflage" the American and British navy men call this latest German submarine trick.

**IRISH FARMERS ARE BACKWARD IN FIGHT**  
Noted Writer Warns Them They Hold Land by Grant Of the Parliament

**MUST HELP IN THE WAR**

By Associated Press  
Dublin, July 23.—Irish farmers have been the most backward of all classes in regard to recruiting for the army.

Standish O'Grady, a distinguished Irish writer, the author of several Irish novels and historical works, has issued a warning to them that, under the Land Purchase acts, they hold their lands by an act of the Imperial Parliament, that Parliament has advanced over 100,000,000 lbs. for the purchase of the land from the landlords; handed it over to thousands of peasant proprietors and is collecting from them the purchase money by annual installments less in amount than their old rents.

Mr. O'Grady reminds the farmers that "in supporting an attempt to overthrow the authority of the Imperial Parliament they are trying to overthrow the very power to which they owe their existence as proprietors and which alone can maintain them in secure ownership."

"Is it likely," he asks, "that the Imperial Parliament having its hundreds of thousands of discharged, brave, loyal soldiers to provide for, will leave Ireland in the ownership of men, a mere class, who in this deadly crisis, this life and death struggle, are proving themselves foes of England, of Great Britain, of the British Empire—which ought to be their Anglo-Irish Empire—and of their great Allied nations? They will not respect the brand new land titles which they themselves have made and can unmake."

"With every day that passes the temper of England is rising. Let it rise a little more and things will happen."

The question of their future fortunes as peasant proprietors has certainly been exercising the minds of some Irish farmers in a very different direction from that indicated by Mr. Standish O'Grady.

A leading Dublin lawyer told The Associated Press representative that he had been remonstrating with a local Sinn Fein leader in the country, an influential farmer, as to his attitude toward the war, and asking him what he supposed his position would be if the Germans won the war and came to Ireland. The reply he got was that if the Germans completely overthrew the British Government, the Irish farmers would be no worse off and might be better; there would no longer be any legal authority to collect the land installments, the Germans might remit them, and leave them the land for nothing. The Sinn Fein leaders in Dublin have no such delusions, but it is asserted that followers of this type throughout the country have enabled them to win elections.

**MOTORWOMEN AT WORK IN LONDON**

By Associated Press  
London.—"Motorwomen" have arrived in London at last. In the provinces, notably in Glasgow, women have been on the front end of tramway cars for several years, but in London some of the city officials objected to them. The scarcity of men, however, has increased to such an extent that these objections were finally overcome.

The first women to actually run tramway cars appeared in the borough of Walthamstow a few days ago, and it is the intention of the tramway company officials to hire more women as rapidly as they can be trained. They are to receive the same wages as the men.

**DOWN STATE STRONG FOR M'CORMICK FOR NEXT U. S. SENATOR**

Ogle County Man Has About Completed Tour Of Counties of State

**10TH CIRCUIT FOR HIM**

McCormick, Rathbone and Yates Endorsed At Peoria Convention

Congressman Medill McCormick soon will have completed his tour of the down state counties in his campaign for the republican nomination for United States senator. He has met with political and personal success everywhere on his tour.

One of the most striking endorsements given Congressman McCormick was that of the tenth judicial circuit convention at Peoria last week. This convention was made up of delegates from Peoria, Tazewell, Stark, Marshall and Putnam counties. Called for the purpose of nominating a candidate to run for the vacancy created on the circuit bench when Hon. Clyde E. Stone was elected to the state supreme court a few weeks ago, the convention also gave its attention to national matters. Without a dissenting vote, it endorsed McCormick for United States senator, approved the work done by Congressman Ireland of the sixteenth district, and voted approval of the candidacies of Henry R. Rathbone and Former Governor Yates for congressman-at-large.

Next week Mr. McCormick is to be the guest of the Hamilton Club, the leading republican club of Chicago, at a luncheon, at which he will talk on his senatorial candidacy. More than 800 members of the club have already enrolled themselves as active workers in his campaign and Edwin A. Munger, a former president of the Hamilton club, recently predicted Mr. McCormick would get nearly two-thirds of the votes of club members in the primary.

Newspaper comment on the McCormick candidacy continues to be most favorable. Following his visit at Clinton, the Clinton Public said:

"Mr. McCormick impressed his audience with his personality and his grasp of the great affairs of the day. He is a good sound Republican, but first of all he is an American."

"We believe that Mr. McCormick will be nominated and elected to the office which he seeks and we further believe that he will look after the interests of his constituents and the affairs of the nation in such a manner that the state of Illinois will be proud of her representative in the highest law making body of the land."

The Murphysboro Republican Era, in which James A. White, warden of the Chester Penitentiary, is interested, has also endorsed McCormick as follows:

"Medill McCormick, congressman-at-large from Illinois, who seeks the republican nomination for United States senator from this state, is a man with a record. He is capable and furthermore he is patriotic. The republicans of Jackson county will not stand for any other kind of a candidate. Hence the loyal vote should center on one man and as a capable man, and the first loyalist to enter the field, Mr. McCormick should be the candidate."

**PAY MUNITION MAKERS BY PIECE**

By Associated Press  
Manchester, Eng.—Introduction of systems under which munitions makers are paid by piece work has been responsible chiefly for the abnormal production achieved by hundreds of munitions plants in this district. There has been little serious trouble between employers and work men.

**POSTPONED**

**Public Sale of 328 Acre Farm**

Belonging to the heirs of the late J. A. Hodges and to Richard Gooch to be held on the premises at 1 o'clock p. m., on

**Wednesday, July 31, 1918**

This sale was to have been held on July 15th but was postponed on account of the all-day storm.

The farm is described as follows:—

The East ½ of the SE ¼ of Sec. 33, and the SW ¼ of Sec. 34, all in Lee Center Township. Also 80 acres in the North ½ of Sec. 3 in Sublette Township, Lee county, Illinois.

This is known as the J. A. Hodges farm and is located two miles north of Sublette, 10 miles northwest of Mendota, and 7 miles southeast of Ambury. The 240 acres in Lee Center Township has a full set of good improvements and the 80 acres in Sublette Township has a fair set of improvements. The land is gently rolling, is all thoroughly tilled and in a good state of cultivation. This farm can be divided into two quarter sections with a set of buildings on each; or a 240-acre farm and an 80-acre farm. This land can be sold in separate tracts or as a whole.

**TERMS OF SALE**

10 per cent of the purchase price to be paid on day of sale in bankable note without interest until March 1, 1919, balance payable at that date when deed will be given. 60 per cent of the purchase price may be left in the farm for 5 years at 5 per cent interest if desired. Abstract furnished showing good title. Possession given March 1, 1919.
